2. Accreditation

2.1 General Principles for Accreditation

The purpose of accreditation is to authorise people by confirming their roles at the 15th FINA World Swimming Championships (25m) and providing them the rights to have privileges and appropriate access to functional areas to perform their duties.

The procedure of accreditation ensures appropriate security in the functional zones and arrears of operation.

Accreditation ensures that only the appropriately qualified and eligible people are entitled to participate in or perform official functions at the Championships and used to keep unauthorised people out of such areas, therefore accreditation is not to be granted in lieu of a “free pass” or “event ticket”.

The teams representing the FINA member National Federations are entitled to receive accreditation for all eligible athletes competing at the Championships, including the team officials. The team officials are defined as persons whose presence is essential to the administration of an NF’s delegation and for the technical and medical support of the athletes competing at the Championships.

National Federations are to note the number of Team Officials (coaches, managers, chaperons, etc.) allowed as detailed in section 1.3. The quotas are not transferable from one category to another.

Concerning NF Representatives, the President and the General Secretary (as specified on the FINA website) will be entitled to a free accreditation. (This cannot be transferred to any other person).

National Federations sponsors cannot be accredited during the Championships.

2.2 Additional Accreditations

National Teams whose number of officials exceed the prescribed quota may request Additional Accreditations.

A fee of USD 150 will be charged for approved additional accreditation passes for individuals registered under the “Team Official” category that exceed the Team Official quota. Any other individual registered under the NF Representative category will be charged a fee of USD 150 USD for their accreditation. NF Representatives are NOT included in Team Official quotas. The additional accreditations are invoiced by and to be settled with the Organising Committee.

FINA has final approval for all additional Team Officials and NF Representative Accreditation’s requests that have been registered through the FINA GMS by the registration deadline.
